- Candidates must show that they belong to one of the following categories

Reference	Type	Description
M	Manufacturer	Companies manufacturing, or solely distributing for one manufacturer, KNX compatible solutions in the UK. The headquarters of such members shall also be a member or a licensee of KNX International. The manufacturers shall be committed to promote the design and commissioning of KNX installations by KNX accredited companies.

Members of the M, I, T, W categories are automatically members of the KNX UK professionals.
A	Associated	Companies/Individuals who supply complimentary products or services to those provided by KNX UK Members in other categories and do not manufacture/wholesale/install KNX products or those of a competing system.

KNX UK Internal Rules

M, I, T & W members may put forward one or more candidates to be nominated as trustees at a KNX UK General Assembly (hereafter referred to as “GA”) according to the rules as set out in the articles of KNX UK Limited and as detailed in section 3 below. Manufacturer (M) members who do not have a UK office are not eligible to stand for election as Trustees. Professional (P) members will have a nominated trustee as chosen the by the Board of Trustees.

The decision whether or not to grant membership is taken by a vote of the Trustees. The Trustees also determine the category of the applicant on the basis of its centre of commercial interest especially where the applicant may satisfy the criteria for more than one membership type.

In the event that the Trustees resolve that the candidate does not comply with the pre-conditions for membership and rejects the application, the candidate may appeal against this rejection to the GA, by letter, within a period of four weeks after the decision of the Trustees.

Reconfirmation of the original decision of the Trustees requires a majority of the weighted votes. The decision of the GA is final and cannot be appealed.

The Trustees review and set the annual membership fees and these are payable on a quarterly basis unless an annual invoice is specifically requested.

Membership of KNX UK is continuous until terminated by resignation or expulsion.

From time to time The Trustees may promote special membership fee offers. These may have specific terms and conditions attached to them with regards to membership period and resignation terms. Offers will only be made following agreement, by a majority of the Trustees, of the terms of the offer.

The Trustees offer the option for members to list additional office locations or business interests where they are run by the same company, individual or partnership for an additional fee of £100 per listing per annum. This is offered solely at the Trustees discretion and the option maybe withdrawn by the board at any time. Any remaining period of the additional listing would either be honoured or the fees paid refunded if applicable. The Trustees also reserve the right to waive the £100 fee where an existing member wishes to list a training centre, in addition to their normal membership category listing. This is offered in order to promote KNX training. The free training centre listing cannot be the only membership listing for any member company.

2.2 Resignation

KNX UK membership is terminated by written resignation. Any voluntary resignation shall be forwarded to KNX UK, by registered letter or e-mail and the notice period will commence from the date the letter, or email, is received by the KNX UK secretary. Receipt will be acknowledged by the same method as the resignation was sent i.e. letter or email. Such resignation becomes effective from the first day of the month following the expiry date of six months’ notice. For KNX UK Professionals resignation becomes effective from the first day of the month following the expiry date of three months’ notice. Up to this time, the member concerned has to meet any commitments resulting from this agreement and, in particular, the financial charges incumbent on the members. Resignation of an additional website listing can be done by giving six months written notice even if the original listing is still required.

KNX UK Internal Rules

Resignation of the main/original location will be deemed to apply to all additional listings as well.

The KNX UK board will consider any application for variation to the above. Changes will be at the discretion of the board, any decision will be final and their decision will be recorded in the board minutes for the record.

Any member, who has not paid their contributions, despite reminders and a written warning from the Trustees, by registered letter, is automatically considered as having resigned after expiration of the time provided for payment. In spite of this resignation, legal steps will be taken against the member for the outstanding debts.

Resigning members have no claim to the assets of KNX UK.

Resigning members could remain bound by obligations as may be set out in contracts concluded between them and KNX UK.

2.3 Expulsion

Expulsion of a member may be declared, only for serious reasons, by a decision of the Trustees for which at least two-thirds present, or represented, must have voted in favour.

Such expulsion becomes effective on the date set by the Trustees, with the member expelled having the same status as a resigning member as far as his rights and commitments in relation with the statutes and internal rules are concerned. Both KNX UK and its members are released from any liabilities for possible damages resulting directly or indirectly from any expulsion declared in conformity with these internal rules.

An expelled member has the right to appeal against this expulsion to the GA, by registered letter, within a period of four weeks after the decision of the Trustees. Reconfirmation of the original decision of the Trustees requires a majority of the weighted votes. The decision of the GA is final and cannot be appealed.
